Your Reliable Solution Partner...

About us

We as TelKaTem Consulting and Representation Metal Industry and Trade Ltd., render an extensive technical and commercial consulting and representation service in Turkey, intended for **wire, bar, tube, profile drawing and cable manufacturing** industry.

We represent world's leading companies in Turkey, which manufacture machines and equipments regarding wire, tube, profile drawing and cable manufacturing process.

Our aim is to give the best and the most comprehensive technical consulting and representation service in Wire & Cable Industry with our experienced team and our working principle we gain an expected trust in our field.

Turkey's leading;

- *Manufacturers of copper and aluminum wire and their alloys*
- *Enameled / Magnet wire manufacturers*
- *Low, Medium and High voltage power cable manufacturers*
- *Automotive cable manufacturers*
- *Coaxial cable manufacturers*
- *Data cable manufacturers*
- *Low current - High Frequency special cable manufacturers*
- *Copper telephone / data cable manufacturers*
- *Optical fiber and OF cable manufacturers*
- *Iron and steel wire manufacturers*
- *Hot dip galvanized wire manufacturers*
- *Electro galvanized wire manufacturers*
- *Wire manufacturers for nail, bolt, rivet etc.*
- *Welding electrode wire manufacturers*
- *CO2 welding wire manufacturers*
- *Ribbed wire and wire mesh manufacturers*
- *Fence wire manufacturers*
- *Steel rope manufacturers*
- *Profile wire manufacturers*
- *Tube, bar, profile manufacturers*
- *Cable harness manufacturers*

are our customers which we serve continuously.

Companies we represent in Turkey:

Maschinenfabrik NIEHOFF GmbH.

Wet wire drawing lines for copper, aluminium and their alloys, bunching, stranding and braiding machines, electro-plating lines

E. KOCH GmbH.

Dry wire drawing lines and equipments for iron and steel

M+E Macchine+Engineering S.p.A.

Wet drawing machines, Pay-Off and Take-Ups for iron and steel wire processing lines

W.W.M. Welding Wire Machineries S.r.l.

Wet and dry drawing machines and equipments for welding wire production

BÜLTMANN GmbH

Drawing, straightening and peeling machinery and equipments for tube, bar and profiles

Verschleißtechnik KÄMPFER GmbH

Steel, ceramic and hard metal or ceramic coated drawing rings, cones and pulleys

REBER Systematic GmbH.

Filtration and tempering units for cooling lubricants

F. KROLLMANN GmbH.

Pointing machinery for wire and tube production

WiTechs GmbH.

Bending and brush descaling, wet and dry coating machines

AstroPlast Fritz Funke GmbH.

Plastic spools for ferrous and non-ferrous wires

STEINTEX oHG.

Plastic spools for braiding machines

ROSENDAHL Maschinen Ges. mbH.

Insulation, sheathing and SZ stranding lines for power, telecommunication, data transmission and automotive cable production

NEXTROM SA

Optical fiber manufacturing systems, preform manufacturing, cladding and fiber drawing towers

NTT Nuova Tecno Tau

Vertical and horizontal enamelling lines for round and flat copper and aluminium wires

FIB Belgium sa

Heat treatment and surface coating lines for steel wire (Galvanizing – Galfanizing- Phosphate coating and Patenting lines)

STEULER Anlagenbau GmbH.

Surface treatment and coating lines for iron and steel wires by electro-galvanizing

MEDEK & SCHÖRNER Ges.mbH

Cable and tube marking equipments and optical fiber colouring lines

ESTEVES Group S.A.

Synthetic-(PCD) and natural-(ND) diamond and tungsten carbide wire, tube and profile drawing dies and extrusion tools, die reconditioning and polishing equipments

MIGRO Schleifzentrum & Zubehör GmbH.

Cold rolling units, cassettes and rollers

MICRO-WELD Co.

Electric resistance butt and flash welders for the continuous processing of wire and cable

KODERA / TØMAN Corp.

Cable length cutting, stripping, soldering and crimping machinery

BURSTER Präzisionsmeßtechnik GmbH

Resistance measuring equipments
